HUMAN RIGHTS PARTY

លេខ. 0012/10គ.ស.ម

===== បំរើ ការពារ កសាង =====

Phnom Penh, 27 January 2010

STATEMENT

Human Rights Party would like to show sincere admiration and congratulation on COMFREL that has tirelessly observed and done research into the participation and democratic governance, and held a seminar on 26 January 2010 to promulgate this useful report, which clearly shows the lawmakers’ interest in their constituents who have always trusted them.

Meanwhile, Human Rights Party, which is supported by almost four hundred thousands votes and has three members of parliament, has always visited people throughout the country and so far this year attended 201 public forums held by national and international organizations. Among this 201 times, H.E Kem Sokha, Human Rights Party’s president has approached the local people 126 times; H.E Yem Ponhearith has visited local people 34 times; and H.E Ou Chanrith has done 42 times. Comparing to other parties in the National Assembly, Human Rights Party has visited voters many times contradicting to some people’s address. Human Rights Party cannot accept the speech that only the ruling party has visited the voters since it is not true.
